## OUR MISSION

Change is the one constant in life. Our mission is to help you navigate in an increasingly complex world. We craft innovative solutions to help your organization develop and thrive.

*With strong expertise in both the public and private sectors, we're at home in either world, taking governmental and non-profit institutions, companies, start-ups, impact leaders and people's lives to the next level.*

## ABOUT US

Drawing on years of experience, we've put together the **Forwaves Platform**, a global network of enthusiastic, passionate and dedicated experts covering a range of disciplines.

*Specialized in strategic change management, our areas of expertise cover monitoring and evaluation (M&E) of development programs / projects and SME business development on local and global markets. By placing people at the heart of our activities, Forwaves also provides advanced services in organizational and human capital development.*

We provide high-end services at the local and international levels.

## OUR APPROACH

We're used to working across languages and time zones on projects big and small. What connects us is a focus on results and a desire to work in harmony with a modern, sustainable world, not against it. We're passionate about crafting powerful solutions that facilitate positive change, both in your organization and in the wider world.

*It's excellence that drives us; but excellence firmly rooted in socio-economic, environmental and human development.*

## ABOUT YOU

*You are a governmental or non-governmental institution, a company or an individual. Our clients demand both excellence and sustainable performance in fast-paced settings.*

## OUR OFFER (Overview)

- Local development / International Cooperation:  
Program / Project Monitoring and Evaluation (M&E)
- Expert advice on change management for sustainability
- Supporting SMEs' business development on local and global markets
- Organizational and Human Capital Development services including training and capacity building.

*While our experts know project life cycle management inside out, our integrative and multi-disciplinary approach allows us to provide you with new tailor-made solutions, in response to your specific challenges.*
